RICHARDSON TIMBERS

Custom Timbers Since 1949

Accoya brings ultra-high performance wood together with Richardson Timbers custom milling expertise. Known for exceptional durability, dimensional stability, and resistance to rot, Accoya is an excellent choice for demanding exterior applications.

- Exceptional durability for long-lasting exterior performance.
- Superior dimensional stability to help components retain shape and fit.
- Outstanding resistance to rot for applications exposed to the elements.
- Ideal for siding, decking, and architectural elements.
- Richardson Timbers can mill large and unique profiles for project-specific needs.

Designers and builders value Accoya for its long-lasting performance, refined appearance, and versatility in exterior applications.

Accoya Applications
